DETAILED ACTION

Allowable Subject Matter

Claims 1-27 are allowed.

The following is an examiner's statement of reasons for allowance: a pair of blocks for a reactor for thermal processing of a substrate, comprising:

a first reactor block configured to extend across a top major surface of the substrate, and a second reactor block configured to extend across a bottom major surface of the substrate, wherein the first reactor block and the second reactor block having a plurality of gas passages configured to face the top major surface and the bottom major surface of the substrate respectively, wherein each of the first reactor block and the second reactor block having a thickness perpendicular to the substrate of greater than about 10 mm; and

wherein the first and the second reactor blocks are configured to surround a substrate with gas cushions to suspend the substrate between the first and the second reactor blocks upon assembly of the first and the second reactor blocks in the reactor and upon retention of the substrate therebetween.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
